8. Projects Abroad
High School Volunteer Programmes

Projects Abroad offers a range of exciting two-week programmes for high school students in years 10 and 11. The summer projects for 2016/17 are based in Cambodia, Fiji, Nepal, Philippines, Sri Lanka and Thailand.

These projects give Australian students the chance to travel to stunning destinations where they can explore new cultures and make a difference in a supportive environment, alongside like-minded volunteers from around the globe. Through practical, first-hand experience, students will learn the value of teamwork, leadership and cultural appreciation. These projects are a safe, sustainable and worthwhile way for students to discover the world around them and to learn more about their own strengths and capabilities.

Projects Abroad
Founded in 1992, Projects Abroad sends over 10,000 volunteers away annually to 30 developing countries, and supports over 1000 individual projects in childcare, education, conservation, healthcare, and human rights. Projects Abroad placements allow the volunteer to make a positive impact and form a genuine connection to the community in which they work.

Practicalities
- Students can join individually or with friends. Typically the groups are made up of 8-20 students. Students will have the opportunity to chat to each other before departure and are in constant contact with our Australian and overseas offices.
- Accommodation in Fiji, Philippines and Sri Lanka is with local host families with small groups of students placed in each household. The families are carefully chosen and have hosted many volunteers before. In Cambodia, Thailand and Nepal, students stay together in apartments and guesthouses with a housekeeper providing meals and Projects Abroad staff on-hand.
- The projects are coordinated by our local full-time Projects Abroad teams and each group has a dedicated Projects Abroad supervisor at all times. The programmes have set itineraries which are provided in the lead-up to the project.
- For all of our High School Projects, we ask students to be open-minded, proactive and enthusiastic. There will be challenges, but overcoming them is an important step in the volunteer journey and something that students find hugely rewarding.

Travel with purpose this summer

Summer 2016/17 may feel like a lifetime away, but there’s no better time to start planning ahead for an unforgettable overseas experience. A High School Project is a unique opportunity for students in years 10 and 11 (11 & 12 in NZ) to embark on a volunteering trip in a safe and supportive environment.

Spend two weeks volunteering alongside a group of like-minded students from across the globe, while contributing positively to communities in need. A High School Project is ideal for those keen to make new friends, see the world, understand a new culture and even gain insight into a potential career path.

2016/17 Projects

The 2016/17 trips will run from December 10-23 and January 8-21 in Cambodia, Fiji, Sri Lanka, Nepal, Thailand and the Philippines.

The projects are a rich mixture of volunteer work and cultural activities, so you can really immerse yourself into local life. There are loads of projects that you can choose from!

You can:

- Support the care and education of children in Sri Lanka, Nepal, and Cambodia
- Become part of a traditional village community in Fiji
- Learn to dive and assist in marine conservation work in Thailand
- Help to reconstruct schools and homes devastated by the April 2015 earthquake in Nepal
- Shadow doctors in medical work experience in Nepal
- Take part in community outreach programmes in the Philippines

These projects are fully-supervised, and are an unforgettable and worthwhile way to travel with purpose this summer!

13. High School Health Care

Sunshine Coast

2 Day Engagement Program for students in Year 10
Sunshine Coast and Gympie Year 10 students will gain practical experience and develop their understanding of the broad range of health industry occupations at High School Health Care Engagement Program (HSHCEP) conducted by Sunshine Coast Hospitals & Health Service (SCHHS) at Nambour General Hospital.
The 2 day event, runs twice a year and involves workshops held in the training suite as well as opportunities for students to talk directly with health professionals about their own careers.
In 2016 the program is scheduled for 12 & 13 May 2016 from 8.30am to 3pm at Nambour General Hospital for 40 students from across the Sunshine Coast and Gympie region.
Students will learn about the day to day tasks and training pathways of health occupations from working professionals and trainers. Students will be able to make informed decisions about subject selection to complement their future training and career in health.

Students experience training activities and conversations around allied health & clinical occupations such as occupational therapy, physiotherapy, paediatrics, nutrition and dietetics, infection control, gloving and gowning, paediatrics, midwifery, suturing, vaccination, blood sugar testing, wound management, cardiopulmonary resuscitation, venepuncture, ventilator/endoscopy tube insertion, patient handling and ergonomics, and scenarios involving problem solving. They use the same sophisticated simulation mannequins, equipment, trainers and rooms as medical trainees.
To express interest in attending the program there are a few steps to complete;
1. Collect a Student Consent Form from Mr Handreck. This will need to be signed by a parent/guardian.
2. Prepare your resume and a 250 word explanation of why you want to participate in the program. This information is very important as we have a lot more applications than places. The Hospital’s Selection Panel use this information to choose the best attendees. Students wishing to participate need to collect the form ASAP. The application / consent form along with the resume, must be submitted to Mr Handreck by 17 March 2016.
