Fair turns on the fun

The Good Shepherd Lutheran College's annual Shepherd's Fair just keeps growing bigger and better.

After more than 20 years as the college's major fund-anti-friend-raiser the trend continues as this year the Shepherd's Fair surpasses itself with a line-up of rides, entertainment, food and stalls.

There will be something to brighten the day for young and old at 116 Eumundi Noosa Road, Noosaville this Saturday from 9am-4pm.

New stall "The Crafty Foxes" is the contribution of a group of industrious Year 1 mums who have been busily creating traditional dress-up costumes, girls' skirts, head scarves, aprons, wheat packs and dolls' clothes that are sure to go fast.

Children can create their own wooden masterpiece at the woodwork stall; hunt for treasure in the Gemstone Hunt, drop into the Story Telling Tent, the Play Dough stall or The Sand Wizard while mums and dads can browse the plants and produce, white elephant, books, sweets and cake stalls and much more.

The menu of wonderful entertainment includes "Myriad of Music" throughout the day, Rhee Taekwondo and Budokan Karate displays, Champs Sports Aerobics, Cooroy Gymnastics, auctions of Prep mirrors and a girl's handmade quilt.

Rides start at 10am for all the old favourites with rides like the merry-go-round, dodgem cars and junior ferris wheel to be joined this year by fantasy airport, battlefield laser tag, Jurassic giant inflatable, super slide, Old McDonald's farm and the rock and roll.

Brothers Sam and Lucas Blake enjoy the ever popular dodgem cars at last year's fair. The dodgems are back again this year to bring a smile to every child's face. PHOTO: CONTRIBUTED
