Jumping for joy at the Walk of Honour

GRADUATING students from Good Shepherd Lutheran College completed the brief but emotional Walk of Honour along the college’s main pathways last week, to signal the end of their school days.

A school spokesperson said The Walk of Honour had become a tradition and a rite of passage for graduating Year 12 students, with students from Prep to Year 11 lining the paths and applauding the graduating class of 2009. The spokesperson said students in past years had said The Walk of Honour was the most significant and emotional part of their graduation celebrations. The walk finished with a final Chapel for Year 12 students, where they were given God’s blessings for the future.

They received graduation certificates at a presentation night and graduation dinner held at Noosa Springs.
