3. 2018 British Aviation Experience
Two weeks in U.K. for teenagers age 14-18

This unique two-week course in the U.K., for boys and girls (14-18 years), will give an insight into what it is like to work within the aviation industry.

We currently have programmes lasting 2 weeks, 7th July – 21st July and 21st July – 4th August 2018. Students will experience many aspects of life as a pilot, including flying lessons on light aircraft, Boeing 747 simulator, talks with pilots and emergency training with British Airways.

Students will also learn about the maintenance and engineering side of the industry by visiting maintenance facilities and talks with professionals. There will also be visits to aviation museums, an airline headquarters as well as some exciting recreational activities, sightseeing in London and Cardiff. The students’ accommodation will be in the Oxford area convenient to Oxford Airport where the flying lessons will take place.
This is an excellent way to help young people to decide whether they would like a career in aviation and provides a wonderful experience for the participants. They will go home with improved English language, flying experience, a broader outlook on life having spent time with other kids from around the world, not to mention having a lot of fun during the two weeks.

The price is £4,350 (GBP) inclusive of VAT (GST), which includes accommodation, local transport and all activities, excluding flights to London and airport transfers.

Please follow the link to our website to view a video from the 2017 British Aviation Experience and for more information on the 2018 intake:
https://www.brookfieldav.com/education-projects

If your students want to come on an individual basis or if you feel your school will have enough interest in organising a class trip to the UK that is geared to understand and gain knowledge of what it is like to work in the aviation industry and to explore the British culture, please contact us to discuss in detail.

5. **Hosting an International Student**  
**BRING FRENCH, ITALIAN OR SPANISH CULTURE TO LIFE!**

Why not volunteer to host an international student from France, Italy or Spain next year?

We have a small group of delightful students coming to Australia for 11 weeks to immerse in local Australian culture, experience our schools, sports, environment and lifestyle. All the international students are around 15 or 16 years old, speak excellent English, have their own spending money, cover all school expenses, and we arrange all aspects of their program. They are looking forward to joining an Australian family for a short term cultural immersion stay.

It’s fun and interesting to help these young people achieve their Australian dream. If you’d like know more, please email your interest to ICM on info@icm-education.com.au or call Georgie and Anja on 1800 500501, or visit our website www.icm-education.com

6. **MyCareerMatch**  
**Writing a Resume**

The hardest part of writing a resume is what to say about yourself. Those using MyCareerMatch and MyResume have an advantage as their report has content for that purpose. It’s challenging as students think they’ve nothing to write, as all they’ve done is gone to school for 12 years.

Employers understand this, and they don’t look for work experience, they look for POTENTIAL. If the resume sets out the student’s capabilities based on their personality type, school achievements, activities, sports, interests and community participation that’s more than enough for an employer to make a decision to interview.

This information on resume writing is relevant to scholarships or other applications requiring a personal statement.
Two suggestions to make a resume standout

1. **References make a difference … Don’t hide them!**

   References and testimonials increase the chances of a resume being read. A statement from another person carries more weight than what you say about yourself.

   Rather than writing “references available on request” create a Reference heading and add a snippet from each referee so employers can read what others say about you now.

   For example,
   
   • “*John is an excellent student who has leadership qualities*” Joan B. Year 9 Teacher.
   • “*A keen footballer, John works hard at staying fit, attends training and gets on well with his team mates.*” Bill S. Football coach

2. **Read the job advertisement and re-write your resume accordingly**

   Surprisingly most resumes don’t relate to the job being advertised. You’d think that someone applying for a job would write why they think they’re the right person.

   If you are applying for a job then you must read the job advertisement carefully and in your resume, you must tell the employer why you should be hired.

   It doesn’t matter that you haven’t done this job, write why you believe you can. Explain why you are a good candidate with the potential to do a great job. Read page 14 of the [Resume Report](#).

   MyCareerMatch and MyResume is available at the Good Shepherd Lutheran College Careers Department. If you wish to use this program, please book a session with the Career Guidance Counsellor.
Vice-Chancellor's Scholarships

Applications are open for the Vice-Chancellor’s Scholarship Program. Please note, there is no longer an OP/rank eligibility requirement for the elite athlete scholarships. Applications for academic and elite athlete categories close 17 November. To be considered for creative industries scholarships students must submit their portfolio or register for an audition with QUT by 5pm on 15 September.

Future Skills evening for students, parents and school staff—10 October

Students, parents and school staff are invited to attend Future Skills, a presentation and networking event focusing on how to pioneer and navigate a successful career in today’s ever-changing world.

Creative industries experience days

Students interested in creative practice, communication or design courses can explore their creative future with hands-on workshops at our Experience Days on 9 September (Design), 10 September (Creative Practice), and 6 October (Communication).

Holiday campus tours

Students and their parents can take a guided tour of our Gardens Point and Kelvin Grove campuses and hear from current QUT students about university life on 22 September.

Admission updates: elite athlete entry via QTAC and video about suitability statement for education courses

Students can now apply for QUT’s elite athlete entry scheme through QTAC, rather than through QUT. Also, a new video explaining details about the written statement required for education courses is now available on the QTAC website.

Entry programs and upgrading pathways

Students can maximise their chances of gaining entry to QUT by applying for any relevant entry programs and including upgrading options in case they miss out on the OP/rank for their preferred course.
