9. University of Melbourne

Online Calculus and Probability

The School of Mathematics and Statistics at The University of Melbourne is now offering an online subject to assist students who do not have the required prerequisite in mathematics for entry to the Bachelors of Science, Biomedicine and Commerce. This subject covers similar material to the Victorian Certificate of Education (VCE) subject, Mathematical Methods 3/4 and provides a firm foundation for tertiary mathematics study. The subject covers fundamental concepts about functions and their inverses using examples such as the logarithmic, exponential and trigonometric functions.

This subject is covered by six weeks of online classes available to students through the University of Melbourne. Students will need to work through topics each week and submit weekly assignments.

For each of the topics students will:

- Watch lecture videos and take notes
- Complete practice sheet questions, check answers and watch solution video
- Complete follow up questions from the additional material
- Attend the weekly online tutorial via Zoom, if needed
- Complete weekly assignments.

Entry Requirements

This subject builds on material covered in VCE Mathematical Methods 1&2 and students are strongly encouraged to have completed this subject or an equivalent. Topics expected to have been studied are:

- Algebra (factorisation, expansion, solving equations, simplification, index laws, log laws, determining rules of simple functions, simultaneous equations, equation of a straight line)
- Functions and Graphs (domain, range, parabola graphs, transformations of graphs, trigonometric exact values, unit circle & symmetry, simple trigonometric, exponential, log, square root graphs, amplitude and period of trigonometric graphs)
- Calculus (derivatives and anti-derivatives of functions involving powers of x, gradient, stationary points, average and instantaneous rates of change)
- Probability (probability of simple and compound events, Venn diagrams, tree diagrams, conditional probability, simple permutations and combinations)

Further information about the subject content and background required, including a quiz to test your knowledge is available on our website [www.ms.unimelb.edu.au/Online](http://www.ms.unimelb.edu.au/Online)
10. THINK Education & Torrens University News

Day in the Life Workshops

High school students can experience what studying at a tertiary level would be like as well as a typical day on the job. Activities may also include:

- Behind the scenes tours of the studio/ clinic (as appropriate)
- Hands on activities
- Inspiring talks by high profile guests/ alumni
- Chat with an Advisor (find out about pathways, scholarships, early entry and international student exchange opportunities)
- Tour the campus and get a glimpse of college life (meet the lecturers and students)

New Courses - Game Design and Game Programming
Media Design School (MDS), the No. 1 digital design school in Asia Pacific, will launch two new courses in Australia in 2017. The two courses will focus on software engineering (gaming) and creative technologies (game art).
Along with Torrens University and Think Education, MDS is a part of Laureate International Universities, our global network of colleges and universities, and within Australia, partners with Torrens University.
As MDS is a globally awarded and established institution demand for these courses is expected to be high. The schools team at Think & Torrens University are now collecting expressions of interest. Course information will be loaded onto the schools sayhello.today website by 15 July 2016.
Open Day - Save the Date
Open Days will be held at our Brisbane campus on Sat 13 August 2016.

11. USC Open Day
Imaginarium

Imaginarium is coming...

University of the Sunshine Coast's largest event of the year is fast approaching! Check out your favourite study areas, get course advice and guidance, explore the campus and feel what it's like to be a university student.

Make knowledge your super power at USC Imaginarium!
St Andrew’s College is a residential College within the University of Sydney. We are promoting our newly expanded Scholarships and Bursaries program.

Our St Andrew’s Scholars program is a merit-based scholarship and is awarded to five new students each year. We are looking for the ‘best and brightest’ senior students in the country, who wish to study at a university in the Sydney metro area.

The Scholars will be exceptional young men and women who thrive academically, are engaged in life and have the potential to make a significant positive contribution to College and, in the future, the wider community.

Applications are now open for the 2017 St Andrew’s Scholars intake and will close on 22 July 2016.

More information is available here: standrewscollege.edu.au/st-andrews-scholars/

13. Prestige Service Training

SCHOOL BASED TRAINEESHIPS AVAILABLE

LOCATION: Doonan

Café Doonan

Available to school students in years 10 and 11. Students are required to work a minimum of 7.6 hours per week.

Looking for a Certificate III in Hospitality as a school-based trainee? Café Doonan has some openings for motivated workers. Café Doonan is just out of Noosa on the Noosa-Eumundi Road. The café is a very zen and tranquil environment with relaxed staff. Come join this team and experience the joy of working in a fast-paced café with a top team.

This may contribute significantly to your Year 12 Certificate.

Excited? What do I need to do?

Please contact our representative Zoe Griffen and advise your Industry Liaison Officer. We look forward to hearing from you.

Must Have:
- Great customer service skills
- A “can do” attitude
- Reliability and honesty
- Ability to work well in a team
- Friendly, bubbly attitude

15. TAFE whilst at SCHOOL - 2017
Get a head start with a TAFE at School course

Fast track your career with a TAFE Queensland East Coast Schools Program. If you are a year 11 or 12 student you’re eligible to participate in the TAFE at School program. You can choose from a number of exciting and varied certificate II and certificate III courses. Best of all, a TAFE at School course can be achieved in conjunction with your senior studies and can count towards your Queensland Certificate of Education (QCE). With a TAFE East Coast Schools Program you typically attend school four days per week and TAFE one day per week. Completing a TAFE at School course is also a great way to open up new pathways to university (http://tafeeastcoast.edu.au/study-with-us/school-students/university-pathways/).

TAFE at School is a great way to:
• get a qualification while still at school
• gain valuable credit points towards your QCE
• get a guaranteed entry into a TAFE Queensland East Coast diploma course
• gain valuable credits towards a diploma course or university studies
• make you work ready
• build practical skills in an adult learning environment
• learn from professionals, bursting with current industry knowledge

View our TAFE at School program overview
What courses can I study?

https://issuu.com/tafeeastcoast/docs/tafe_at_schools_guide_2017_final_me

You have the choice of a wide range of courses from tourism, hospitality, horticulture, hairdressing, automotive, construction, tourism and events.
Check out which courses you can study while you're at school (http://tafeeastcoast.edu.au/course-search/search.php?q=tas16)

How much does it cost?
A range of TAFE at School Program qualifications are fee-free for students and covered under VET in Schools (VETiS) funding. In cases where a small fee applies, schools will pay a co-contribution fee towards the student's training. Please ensure you research your decision in choosing the most suitable qualification to study as students are only entitled to receive one qualification funded by VETiS.
Some qualifications are not VETiS funded and have associated fees to cover the cost of training. The course information listed on this website includes the cost of the course. More information about VETiS funding is available under the Vocational education and training in schools (VETiS) section of the Training (http://training.qld.gov.au/training-organisations/funded-programs/vetis.html)

How do I apply?
You must be at least 15 years old, enrolled in Year 10, 11 or 12 and attending a Queensland high school for the duration of the course. You also need to have a Senior Education and Training (SET) Plan in place which includes your chosen TAFE at School course, so talk to your school’s Guidance Office, VET Coordinator or Head of Senior Schooling and ask for their help to make this happen.
You can only enrol in one program with TAFE Queensland so think about the one that’s right for you.
